

OUR MISSION

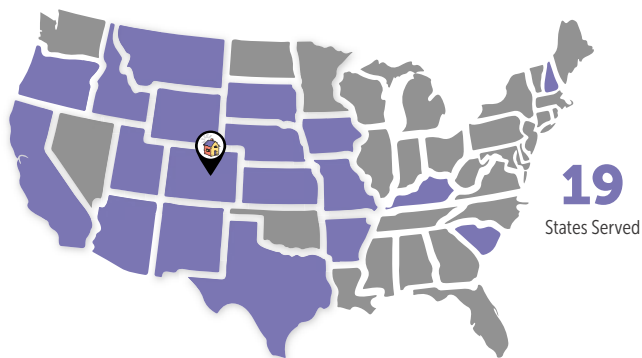

Brent's Place provides a safe, supportive, long-term home filled with hope for families facing a life-threatening medical crisis. For over 25 years, Brent's Place has bridged the gap between life-saving medical treatment and home for thousands of families.

To support our medically vulnerable community, our Safe-Clean accommodations adhere to rigorous cleaning requirements that minimize exposure to harmful germs present in most public spaces.

Thanks to generous community support, Brent's Place remains a sanctuary for families without length of stays limits or additional financial burdens.

We Provide Families:

Access to
life-saving
treatments

Improved
family resilience

Reduced financial
burdens and stress

Secure, Safe-Clean, reliable
housing environment during
medical treatment

Increased feelings
of physical and
emotional safety

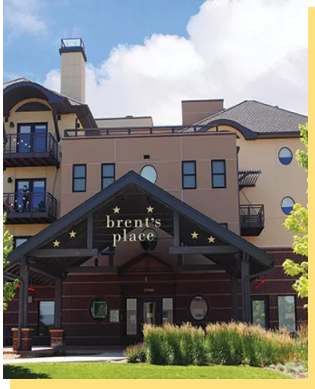

Together, we provide access to the best chance of survival.

As the only safe and free-to-families housing near Colorado's top hospitals, Brent's Place grants access to critical treatments and clinical trials for pediatric and adult patients from underserved backgrounds. These treatments include bone marrow transplantation, CAR-T therapy, oncology, hematology, and solid organ transplantation.

Home of Hope and Healing

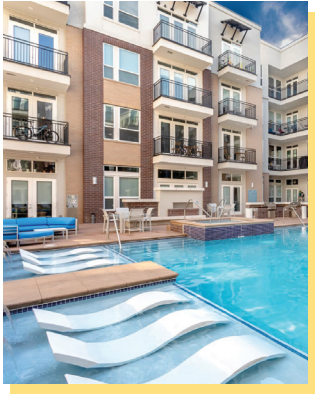

Aurora Campus

Just blocks away from Children's Hospital Colorado, our Aurora campus features 32 fully furnished apartments and six hospitality suites, providing a home away from home for pediatric patient families.

More than Just Shelter

Our Safe-Clean approach sets us apart, but our comprehensive family support truly differentiates us. Unlike other hospitality houses, we offer deeper, individualized care for families during their stays, providing a lifeline of hope and resilience. Our personalized programming includes:

-  Meal support
-  Arts and crafts
-  Music lessons
-  Movie and game nights
-  Homework tutoring
-  Birthday celebrations
-  Mental wellness support
-  Family outings

Brent's Place gives patients and their families the opportunity to find happy moments together and "be a family" in the midst of all of the challenges of medical treatment. The folks at Brent's Place help families face their trials and keep walking their journey with courage.
